

THE NATIONAL UNIVERSITY OF ADVANCED LEGAL STUDIES

THE POST GRADUATE DIPLOMA IN CYBER LAW

The NUALS provides unmatched opportunities to study law and related disciplines in a rigorous and collaborative environment. Post Graduate Diploma in Cyber Law have been started to fulfil the continuing legal education objective of the University. In recent times Cyber law has emerged as an important and challenging area of law. An effort to spread awareness of Cyber Security is the need of the hour and particularly among the law fraternity as these are the persons who have to handle the cases of cyber crime. Lawyers, Police, Govt. Officers, Law students, and the NGO's must know about the details of the Information Technology and also the regulatory framework for the control of Cyber crimes. In this backdrop the legal issues concerning this technology needs to be understood for the safety, self protection and effective service to be free from legal hassles. The course is designed to give an overall review of Cyber laws.

The Post Graduate Diploma covering fundamentals of Cyber Law with special focus on e-commerce, intellectual property issues, cyber crimes and digital evidence, both from national and international perspectives, is tailor made to cater to the requirements of a wide range of professionals. The course is suitable for Law students & lawyers, IT students & professionals, Police & law enforcement officials, IT Security Professionals, Network & Systems Administrators, Management students & professionals, Chartered Accountants, Company Secretaries, Commerce students who would like to specialize in Cyber Laws. It is organized as a part of the Continuing Education Programmes of NUALS.

Objectives:

The objectives of the programme are as follows:

1. To provide education on Cyber Laws to the interested and desirous students to train them in this job-oriented programme
2. To provide opportunities to the In-service employees for gaining specialized knowledge and competence in the field of Cyber Laws
3. To provide trained manpower to the growing IT sector in the state/country
